TB45AC

The TB45AC is a portable fridge powered at 220 Volt that offers the best of electronic technology:

- Energy saving function (ECO)
- Turbo function (MAX)
- Multifunction electronic thermostat

These features allow an easy and economic management of the fridge through a check and a reduction of consumptions. Thanks to its important insulation it is also a good freezer. Maximum capacity: it can also contain 1,5 litres bottles in vertical position and a can/bottle holder is placed on the upper surface of the fridge. The handles are integrated in the cabinet fridge.

| Technical data       |                        |
|----------------------|------------------------|
| Height               | 480 mm                 |
| Width                | 520 mm                 |
| Depth                | 470 mm                 |
