SLIM 90

The new Slim range is designed to promote installation on vehicles with small interiors. Its vertical development allows for large internal space similar to a domestic refrigerator.

Slim 90 has 90-litre capacity and is fitted with a LED display with Power Saving and Silent Night modes, customised door panel with reversible opening, and a handle with a lock for ensuring ventilation when the fridge is off. The easy-fix system allows a simpler and faster built in installation than the traditional system.

Technical features

Capacity (L)	90	Dimensions (HxWxD) (mm)	976x420x504
Net weight (kg)	22,5	Consumption (kWh/24h)	0,340
Voltage (V)	DC 12, DC 24	Power absorption (W)	38
Refrigerant gas	R600a	Climate class	T
Certifications	CE, E-Mark, EMC
